

PERFORMANCE TOURING CAR TIRE
MORE COMFORTABLE
MORE DURABLE

Best choice for your family

- FUEL-EFFICIENT TREAD COMPOUND
- QUIET RIDE PITCH ALIGNMENT
- WET GRIP GROOVE DESIGN

High-elastic tread rubber to enhance mechanical grip and shorten braking distances.

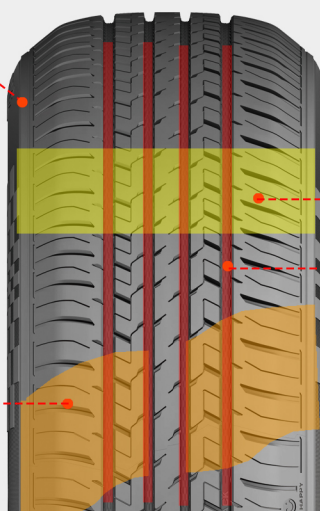

High-strength carcass with polyester and steel belts for durability and reduced sudden damage risks.

QUIET RIDE PITCH ALIGNMENT

The pitch width and alignment has been computer optimized to avoid resonant hum and provide a quiet ride.

FUEL-EFFICIENT TREAD COMPOUND

The pitch width and alignment has been computer optimized to avoid resonant hum and provide a quiet ride.

DREAMTRACK is committed to establishing a friendly and cooperative development model with partners around the world, focusing on the design and production of safety tires. We imprint hearts and smiling faces on the outer shoulder area of our tires, aiming to keep both *DREAMTRACK* tire users and vehicle owners in joyful spirits. This inspires them to care for family and friends with love, spread warmth through thoughtful actions, and collectively make the world a warmer and more welcoming place!

NO	SIZE	LI/SS	Section Width (mm)	Overall Diameter (mm)	Std. Rim	Max Air Pressure (KPa)	Load Capacity (Kg)
